MEDICAL
SILICONE TAPE

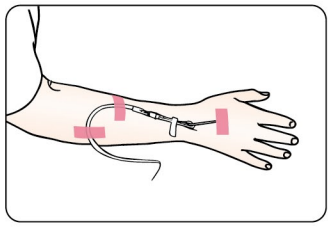

SLK MEDICAL

HOW TO USE IT

Apply Alexer medical silicone tape to:

- Secure dressings for wound care in place.
- Support tubes, drains, probes, IV tubing and electrodes, including for regular application and removal.

DESCRIPTION

Alexer® medical silicone tape is ideal for neonates, infants, the elderly, dialysis patients, post-surgery patients, and anyone with sensitive skin. It is also well suited for reapplying medical devices and dressings.

Medical device fixation

Secure dressings for wound care in place

Work great to blister prevention

Waterproof

INDICATIONS FOR USE

- **Medical Devices Fixation:**
  Secures IV catheters, tubes, drains, and monitoring equipment to the skin, preventing dislodgement.
- **Securing Dressings on Sensitive Skin:**
  Suitable for sensitive skin, especially in pediatric and geriatric care, minimizing irritation and skin damage.
